Studio Arpana

Industry: Lifestyle & Retail • Location: Local Area • Date: September 11, 2026

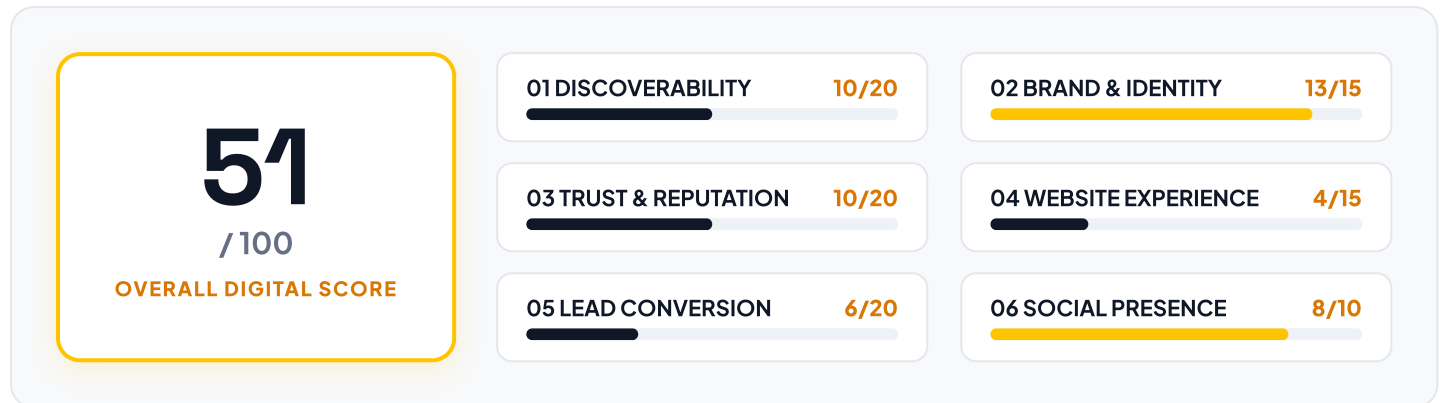

Diagnostic Commercial Assessment

Evaluating discoverability, conversion friction, and primary digital growth opportunities.

VERIFIED ANALYSIS

DIAGNOSTIC BENCHMARK

YOUR DIGITAL SNAPSHOT

WHAT CAUGHT OUR ATTENTION

✓ STRONGEST ASSET

Recognized business presence serving clients in Local Area.

! BIGGEST GAP

Absence of a dedicated mobile web presence to showcase services and capture high-intent searchers.

Immediate Opportunity Highlight

We've identified one area we believe deserves immediate attention.

HIGH PRIORITY

YOUR #1 GROWTH OPPORTUNITY

Establish a Modern Digital Consultation Destination to Capture Inbound Searchers

While Studio Arpana commands strong local credibility, interested prospects searching on Google currently have no digital destination to explore your services or book an appointment online.

WHAT WE OBSERVED & EVIDENCE COLLECTED

CHANNEL	DATA POINT	OBSERVATION
Instagram	Handle: @studio_arpana	Active public Instagram handle registered as Studio Arpana.

WHY THIS MATTERS

A significant portion of local prospects search outside standard office hours. Without a dedicated digital destination, interested searchers must wait until reception opens or seek alternative providers that offer instant online details.

CURRENT JOURNEY

Local Search → Maps Profile → Phone Call Only
(Unanswered after hours) → Deferred Interest

IMPROVED JOURNEY

Local Search → Verified Profile → 1-Click Consultation
Showcase → Instant WhatsApp Booking

A FOCUSED PATH FROM INSIGHT TO IMPLEMENTATION

OUR RECOMMENDED SOLUTION

01

BUILD

Modern High-Converting Mobile Web Presence

Deploy a lightning-fast, mobile-first digital showcase for Studio Arpana featuring verified credentials, clear service highlights, and patient assurance.

02

CONVERT

Direct 1-Click WhatsApp Consultation Routing

Integrate an automated WhatsApp booking button directly onto your Google profile and new website to capture client enquiries with zero friction.

03

GROW

Systematic Review & Local Search Optimization

Implement an automated review-harvesting workflow to consistently attract new 5-star patient reviews and reinforce local ranking.

WHY THIS ORDER?

Establishing a clean digital foundation (Build) ensures that all subsequent lead conversion and local visibility efforts (Convert & Grow) achieve maximum return without leaking interested prospects.
